Q. 1. Choose the right answers from the options given for each of the following questions (05)

1. What is typically the primary purpose of a film review?
 - a) To critique the director's personal life
 - b) To analyze and evaluate the film's overall quality
 - c) To summarize the plot in detail
 - d) To recommend whether a film should be watched based solely on the budget
2. Which of the following is a common component of a film review?
 - a) The reviewer's opinion on the film's box office performance
 - b) A comparison of the film with others in the same genre
 - c) Detailed information about the cast's personal lives
 - d) A comprehensive step-by-step of the film's script writing process
3. What is the main focus of a positive film review?
 - a) To highlight how the film's budget was effectively used
 - b) To describe how the film's special effects were created
 - c) To praise the film's strengths such as acting, direction, and visuals
 - d) To emphasize the movie's shortcomings
4. In a film review, how should the reviewer approach spoilers?
 - a) They should reveal the entire plot to give a complete analysis
 - b) They should avoid giving away key plot twists and major storylines
 - c) They should focus solely on the ending to surprise the reader
 - d) They should only discuss spoilers in detail without any warnings
5. Which of the following best describes a "critical" film review?
 - a) A review that focuses only on whether the reviewer enjoyed the film
 - b) A review that provides an objective analysis of the film's technical and artistic elements
 - c) A review that praises the film without discussing any weaknesses
 - d) A review written by the film's director or producer

Q. 2. Write short note (Any 3) (Minimum 8-10 Lines) (09)

1. What is the purpose of a film review?
2. What is typically included in a film review?
3. What is the difference between a film review and a film critique?

4. How does a film review impact a movie's success?

Q. 3. Write the Answer in brief (Any 1)

(06)

1. How do film critics evaluate a film's technical and artistic aspects when writing a review and why are these elements important in the overall assessment of the film?
 2. What are the advantages and disadvantages of film reviews in shaping public opinion and influencing a film's success, and how do critics balance objectivity with personal bias in their assessments?
-
